

PowerCarts™ for Food & Beverage Applications

Model PC-LC-720-CC
Powered by 13 hp, gas, 400 cc, air-cooled engine.

Model PC-LC-935-WT
Powered by 38 hp engine.

The Carts of Colorado PowerCart System is perfect for golf courses, college campuses, resorts or anywhere you want to profit from far-flung customers. By mounting special modules on Club Car and Tiger Truck motorized carts, even the most remote locations can be quickly serviced.

Features and benefits:

- Makes F&B operations even more profitable by increasing sales of food and beverage items in remote or spread-out areas
- Holds large quantities of beverages, food items and ice to reduce the necessity of repeated trips to base for restocking
- Lockable units reduce theft of beverages, food and liquor
- Improves profitability by increasing productivity and reducing losses

See reverse side for specifications.

Model PC-LC-480-BC-CC
Powered by 11 hp, 351 cc, gas, air-cooled engine.
